EXTEND WORKERS  
COMPENSATION TO  
BENEFIT SICK MEN

Amendment Proposed Placing Occupational Diseases Under Law.

Labor Supports New Law Proposed By Ashtabula Solon.

Columbus, Jan. 18.—A bill placing occupational diseases under the workmen's compensation law ready for introduction today in the house of representatives by Representative Wenner of Ashtabula county. The measure is said to be somewhat broader in its provisions than the one introduced by Wenner two years ago which failed of passage. The measure has the backing of the Ohio Federation of Labor. Under it a system of awards is provided for workmen who contract disease incident to their occupation.

The labor federation also is expected to back an amendment to the workmen's compensation law, raising the weekly benefits for injured workmen. It is said to be probable that no request will be made for any increase in the death allowance which now is \$5,000. It is understood that an increase from \$12 to 18 per week will be asked in case of total disability with proportionate increase for partial disability. The labor federation will urge the reason for wanting the increase, the high cost of living which now is said to be approximately 100 per cent above what it was when the compensation law was enacted in 1913.

The prohibition bill, creating a commission of prohibition with at least twenty members in the house of representatives, having been introduced last Monday by Senator Miller of Muskingum county tomorrow morning before the senate committee. It is understood to have the approval of Governor Davis and is to be carried through as an emergency measure.

Senator J. F. Burke, head of the temperance committee in the senate issued a call this morning for the first meeting of the temperance committee at 10 o'clock Wednesday morning to take up the Miller bill.

The military affairs committee was meeting this morning to consider the submission of a \$25,000,000 bond issue to the people at the next November election which if approved would authorize the payment of a bonus of \$10 a month for each month's service or not more than \$250.

The committee on elections was expected to approve today a proposal for employing an expert to revamp and codify the general election laws of the state. An appointment of \$15,000 may be asked to carry on this work. George Schaub, Canton election board clerk may be employed, it was said, to have charge of the work.

Meeting for the first time today, the public health committee in the house took up the bill initiated by the chiropractors association providing for the establishment of a separate board for the examination of licensing of chiropractors.

A new reorganization committee of the legislature was ready today to cooperate with Governor Davis in his plans for reorganizing state departments. Senator Blevins of Hamilton county is chairman of the senate committee on reorganization appointed yesterday and Representative Dunn of Wood county heads a house committee, appointed for the same purpose. They are expected to meet this morning with the governor and George E. Frazer, son here from Illinois to explain the Illinois plan of reorganization.

Three of Governor Davis' appointees are awaiting confirmation by the senate today. They are George T. Poor, Cincinnati, public utilities commission; H. W. Swisher, Columbus civil service commission and Henry Dykman, Elyria, fire marshal. S. E. Forney, appointed state tax collector, was confirmed by the senate yesterday in order that he may hear testimony now being taken before the tax commission in regard to the proposed reappraisal of real estate. The other appointments are in the hands of the rules committee.

The Miller prohibition bill introduced yesterday will give to Governor Davis the appointment of the prohibition commissioner at a salary of \$5,000 a year, one deputy at \$2,500 and at least 20 deputies at \$2,500.

Provisions of the Miller bill are similar to a measure introduced more than two years ago by Senator Miller which failed to pass as an emergency amendment held up by a petition for a referendum on it. It was not submitted to a referendum because the petition was filed too late. It was later repealed.

Home brewers will be in danger under this bill, it is said, for it gives the prohibition commissioner and his deputies power to enter any place where they have reason to believe liquor is being manufactured or has been obtained unlawfully. Owners of property on which substantial liquor is seized will also be liable for a \$1,000 tax as the bill re-enacts sections of the old Alton tax law.

Police and firemen would be entitled to appeal to the courts from decisions of the local civil service commission, the same as chiefs of police and fire departments if a bill by Representative Taylor is enacted. This is one of several measures being backed by labor.

Miners are back of a bill introduced by Representative Chadwell, Jefferson county, requiring installation of telephones in mines, as a safety measure. Representative Chadwell's bill would require the public utilities statute requiring certificates of necessity from the state public utilities commission before a new telephone company can go into a territory already served in a bill proposed yesterday.

Senator King introduced a bill to put teeth in the miners' wash house bill passed last year. The bill passed last year without a penalty clause and was not enforced.

**STARTS SECOND TERM.**  
Columbus, S. C., Jan. 18.—Governor Cooper began his second administration today when he was inaugurated before the joint assembly. His speech dealt with education needs, the governor setting the state had in its first year, 1920, increased public school enrollment by \$9,000.

REPRESENTATIVE OF  
LONE STAR STATE

H. M. Wurzbach.

T. M. Wurzbach, representative-elect from Texas, has the distinction of being the first G. O. P. man to represent that state in the House. He succeeds Carlos Bee from the Fifteenth district. Wurzbach's father was a Confederate soldier. The new legislator served four consecutive terms as district judge in Texas.

PENNSY TRAIN  
WRECKED NEAR  
GREENVILLE, O.

Company Officials Admit It Is Serious But Refuse to Make Further Comment.

Greenville, O., Jan. 18.—Twenty persons were injured when the westbound New York, Pittsburgh and St. Louis express on the Pennsylvania railway was wrecked near here this afternoon. The train according to first report received here, left the track and went into a ditch, several of the cars turning over.

Richmond, Ind., Jan. 18.—A relief train carrying doctors and nurses was sent from this city to Greenville, O., this afternoon following a report that westernmost Pennsylvania passenger train No. 7 had been wrecked and a number of persons seriously injured. The train was due to arrive in this city at 12:35 p. m.

Columbus, Jan. 18.—Pennsylvania railroad officials at division headquarters here refused to talk about the wreck, but admitted it to be serious. They said relief and wreck trains had been rushed to Greenville from Bedford, O., and Richmond, Ind.

A man named Weiss is the only person known to have boarded the train from Newark. He purchased a ticket at the Newark station and boarded the train this morning.

Press dispatches indicated that none of the passengers were killed.

Weiss' ticket was to California.

SOLDIER BONUS  
BILL IS URGED

Senate Committee Recommends Adoption of Resolution to Issue Bonds to Pay Buckeye Soldiers.

Columbus, Jan. 18.—The senate military affairs committee today unanimously recommended for adoption the soldiers' resolution which authorizes a \$25,000,000 bond issue if approved by the voters at the next election.

The committee is expected to act upon the resolution Thursday.

KLOOR TELLS STORY  
OF BALLOON'S FLIGHT

Rockaway, N. Y., Jan. 18.—Lieutenant Louis A. Kloor, pilot of the American naval balloon A-508 on its thrilling flight from Rockaway to Moose Factory, Canada, December 13 and 14, told the story of the trip to a naval board of inquiry here today.

Lieutenant Walter Hinton, one of the passengers of the flight was in court prepared to take the stand later, but Lieutenant Stephen A. Farrell, the third officer was absent, confined to his quarters by illness.

Six officers were present, and the officers of court sat with overcoats on in order to keep warm.

SAYS STATE TROOPS  
ARE STRIKE BREAKERS

Indianapolis, Jan. 18.—Charges that state troops being held in the coal fields near Jasper, Alabama are there for no other purpose than to break the strike of miners, are made in a statement issued today from the office of the United Mine Workers of America.

**WILL SELL TICKETS.**  
Akron, Jan. 18.—Officials of the Akron International League baseball club will conduct a 10-day ticket selling campaign beginning January 27. The goal is being placed at 100,000.

ARMED BANDITS  
STEAL 12 SACKS  
REGISTERED MAIL

Make Escape From Chicago Union Station Without Firing Shot.

Such Shipments Usually Contain \$100,000 Authorities Say.

Chicago, Jan. 18.—Five youthful bandits held up a United States mail truck at the Union Station here early today, escaping in an automobile with 12 sacks of mail, 10 of which contained registered mail. Police say that the best information obtainable this morning indicates the pouches contained part of a Federal Reserve Bank money shipment which was to have been placed on a train leaving for St. Paul at 2:30 a. m.

The bandits surprised three postal employees guarding the pouches, forcing them at the point of guns back into the truck, while the bandits car drew alongside and the 12 mail bags were transferred to it. The robbery was accomplished in a few minutes.

The regular mail was composed solely of city collections, the police say. The registered mail bags were supposed to contain currency and bonds whose value cannot be estimated yet. One of the five postal employees said only a few minutes after they had arrived at the station with their truck the bandit car dashed up. The police believe the robbery was an inside job as the bandits seemed to have knowledge of the bank shipments as well as the time the truck would arrive and the number of men guarding it.

Thomas Carter, Richard J. Sliney and Phillip Cahill, postal employees, said the five men, four of whom appeared to be more than 20 years old, all wore black masks and carried out the robbery in such a short time that the attention of the watchman and a railroad mailman working nearby was not attracted until the robbers were speeding away in their motor car with the 12 pouches.

Carter, who drove the mail truck said he believed the bandit car followed him from the postoffice to the station. The alarm was sent to the federal building, the city detective bureau and the Desplaines street police station. Several squads of officers were on the trail of the robbers within a few minutes.

Postal authorities, while unable to estimate the amount of loot said the shipment to the northwest usually goes out on the 2:30 a. m. mail train average \$100,000 in value.

One of the bandits had obtained little of value because of the fact that Tuesday's shipment were smaller than those on other days of the week.

"Tuesday morning shipments are all ways light," said A. E. Gerner, acting chief postoffice inspector.

"Of course there are a great many registered papers and other documents, but not much that could be negotiated into money."

A week may elapse before an accurate figure covering the loss can be known, according to the postal inspector.

The mail truck had been backed to the curb in front of the public square to deliver mail to the basement of the station. The bandit car arrived a moment later and as it slowed up opposite the truck, three of the outlaws leaped from it, and ran across the street.

The trio faced seven postal and railway employees.

"We're armed. Do exactly what we say," said the leader, who ordered one of the mail handlers to remain on the sidewalk to avert suspicion and sent the other men into the truck to separate the registered sacks from the rest.

"Throw the sacks into our machine," ordered the leader, and as the railroad and mail employees complied, he added: "Much obliged. So long."

He leaped into the touring car with his accomplices and the car started. "Stop that machine," yelled a helper, but the leader of the robbers brandished a pistol and pursuit stopped.

It was the only sight of firearms reported to the police.

HOLD EIGHT SUSPECTS  
IN TOLEDO ROBBERY

Toledo, Jan. 18.—Eight men were being held at central police station here this morning on suspicion of being the bandits who shot and killed A. E. Long and Louis Schroeder, New York Central detectives, shortly before noon Monday, in one of the most spectacular hold-ups staged in the history of Toledo.

After killing the two men the bandits escaped with \$9,557, representing the railroads Saturday and Sunday passenger receipts which were being conveyed from the prison station to a downtown bank.

Two of the men held have been positively identified as members of the bandit gang. One driver who emptied an automatic at them and another with a policeman who was hurrying toward the scene.

Blood was found on the back seat of the bandit car, which was recovered, and the driver, shortly after the hold-up, Royce Richardson, a negro is one of the men held.

The police refused to make public the names of the others detained here. No confessions have been obtained.

**SEARCH FOR BANK ROBBERS.**  
Warren, Jan. 18.—Police today continued their investigation of the North Bloomfield bank company robbery in which robbers early yesterday secured \$25,000 from safety deposit boxes and escaped. Police officials said they had no clues.

Chicago, Mrs. Cleopatra Hurlzman, 23, police said confessed to playing the leading part in 50 holdups in the last two months.

## ILLINOIS SEWERS GET MILLION DOLLARS' WORTH OF BOOZE

U. S. agents dumping a few of the 32,000 gallons of liquor into the sewers in Waukegan, Ill. The dumping of a few gallons of hard liquor has been common in the vicinity of Chicago for the past few months, but government agents are believed to have set a world's record at Waukegan, Ill. They dumped 32,000 gallons of alcoholic beverages into the sewers to find its way into Lake Michigan. At the present high price of liquor that means a million dollars lost or rather thrown away. Gloom among the spectators here is as strong as the odor of the booze.

COUNCIL AGAIN PASSES GAS RATE  
ORDINANCE OVER MAYOR'S VETO

Measure Musters Seven Favorable Votes When Brought Up Again—Safety Zone Established in Third Street to Protect Street Car Patrons.

The gas ordinance was passed over Mayor Atherton's veto in the city council meeting last night by a vote of 7 to 2, the ayes having the necessary 7 votes required to pass the ordinance over a veto.

Councilman Garbhart and Wolvorton voted against the measure. The fight over the gas question has been a long and bitter one between the council and Mayor Atherton. Following the first passage of the ordinance several months ago council failed to pass the ordinance over the mayor's veto. Later the ordinance was introduced again in the city council and was passed and again vetoed by the mayor. This time however enough strength was mustered to get the required seven votes.

An ordinance regulating the use of vehicles of all descriptions in the city of Newark was passed under suspension of rules. The ordinance provides that a safety zone on the east side of North Third street for a distance of 150 feet from the corner of the public square to the protection of passengers on North Fourth street cars. The ordinance provides that no cars or vehicles may be parked in this safety zone.

Clifford Frye presented his first report of the department during the year amounted to a total of \$150,018.77. The cost of salaries in the department was \$43,600.00, or approximately two percent of the cost of the work supervised.

A total of 2,454 miles of street paving at a cost of \$139,826.55 was done during the year by the city. A quarter of a mile of sidewalks were laid during the year by the city.

The total length of the paved streets of the city is now 28,475 miles; that of sewers, 35,577 miles; sidewalks, 76,575 miles and water mains, 76,575 miles.

The total amount of work supervised by the department during the year amounted to a total of \$150,018.77. The cost of salaries in the department was \$43,600.00, or approximately two percent of the cost of the work supervised.

DAVIS DISCHARGES  
CHIEF INSPECTOR

Charles L. Resch Summarily Removed When He Refuses to Discharge Deputy Oil Inspectors.

Columbus, Jan. 18.—For failure to comply with his order of yesterday to discontinue the services of 40 deputy state oil inspectors, Governor Davis today summarily removed State Oil Inspector Charles L. Resch and appointed William H. Walker of Hillsboro to the position.

The discharge of Resch was the immediate result of published statements made by Resch in which he was quoted as saying he could not run the oil inspection department with four inspectors as directed by the governor. Resch was quoted as saying that he had seen the governor.

Governor Davis commenting on the incident today pointed out that he would tolerate no disobedience on the part of any state employee.

"I bear full responsibility for the conduct of affairs of the state government," says a statement issued by the governor. "When an order is issued by me I expect it to be obeyed implicitly. It is necessary in order that I may carry out the policies I have outlined."

"I have become satisfied that a force of four good men in the oil inspection department can do as much as the entire force of 40 men have been doing."

Appointment of Mr. Walker as state oil inspector was said to be only temporary and to enable the governor to work out a plan of reorganizing the department. It is expected that the work of the department will be merged with some other department.

Mr. Resch was still on the job this afternoon, since he had not received his dismissal order from Governor Davis. He said that in as much as he was under heavy bond, he intended remaining on the job until his successor has been appointed and confirmed by the state senate.

**LEWIS BEGINS TRAINING.**

New York, Jan. 18.—Four sand and gravel corporations and their officers and directors pleaded guilty before Federal Judge Hand here today to an indictment charging violation of the Sherman anti-trust law in connection with a monopoly in Cow Bay sand. They agreed to dissolve the sand and gravel and board of trade of which they were members and were assessed fines totaling \$40,000.

LOW PRICES FOR  
FARM PRODUCTS  
ARE PRESENTED

Farmers Continue Fight Against Order For Re-appraisal.

Declare Farmers Are Not Buying Automobiles Since Slump Came.

Columbus, Jan. 18.—Farmers of Ohio continue today to tell the state tax commission their reasons why the order of the commission calling for a reappraisal of lands in 61 counties should not be carried out.

The commission has accumulated a great mass of data, all about the same nature and all tending to show the effect of the slump in prices of farm products, which farmers declared was sufficient reason for postponing the proposed reappraisal of land for taxation. Resolutions were presented from many mass meetings held in county seats throughout Ohio during the past week, all protesting against reappraisal.

"Farmers of the state are no longer buying automobiles," J. H. Montgomery, Union county told the tax commission. He presented figures showing that the average decline in the price of farm products was 44 per cent. H. C. Whitney, Knox county, representing a wool producing district said 95 per cent of the wool was still in the farmers' hands and the price was still declining. The wheat crop in the country, he said, was a failure.

Others who spoke before the commission today were D. Bollinger, Union county; Edward C. Wagner, Darke county; J. F. Bittinger, county auditor, Ashland county and W. L. Reibolt, representing the chamber of commerce, Ashland and C. H. Bryson, Athens.

Representatives of the Civic League of Cleveland were before the commission this afternoon. Some of the Cleveland delegation favored the reappraisal order and others opposed it.

WOMEN GOLFERS TO  
INVADE ENGLAND

Chicago, Jan. 18.—Five of the leading women golfers of the country have signified their intention of competing in the British women's championship starting at Turfway, Scotland, May 12. The news was announced today by Mrs. Hathaway Watson, president of the Women's Western Golf association. They are: Miss Mary Hollins of New York; Roland H. Barrow, and Mrs. William Clayton of Philadelphia; Miss Alexia Stirling of Atlanta, and Miss Edith Cummings of Chicago. Mrs. F. C. Letts, Jr., the western champion, has not reached a decision. Mrs. Watson said.

The annual championship of the Women's Western Golf association will be held at the Westmoreland Country club, Chicago, August 22 to 27, along with the western amateur championship, Mrs. Watson said.

AUTO CRAZE IS  
BASEBALL FOE

Johnny Evers Declares High Powered Autos Keep the Players From Comradely Time Teams.

Chicago, Jan. 18.—Revival of the old time baseball players bus for trips to and from the baseball park would do far toward lessening the popularity and spirit of sportsmanship to the game, Johnny Evers, manager of the Cubs declared today.

"The old bus gave us the good wholesome advertising, but at the same time it put real fun, chance for real team work, and more honest-to-goodness pep in the game," Evers declared. "It made it more like sport and less like a commercial proposition."

"Remember how the manager and his team used to pile out of the hotel and into the bus? If we were the visiting team, the town was there to see and cheer at us. By the time the park was reached every one had heard something that made him full of fight. 'How is it today? Morning practice makes the front of the park look like a breeze in the last minute and breeze out as quickly as they can change clothes.' The manager never sees his men together except at game time."

**TENNIS ASSOCIATION TO SEEK MEMBERS.**  
Chicago, Jan. 18.—The annual meeting of the Western Lawn Tennis association will be held here January 28 when officers will be chosen and instructions given the section delegates to the meeting of the United States Lawn Tennis association, January 5. Plans will be laid for a membership drive in the western association territory, Indiana, Ohio, Michigan, Illinois and Wisconsin. L. H. Wladner of Winnetka, Illinois, is proposed for reelection as president in a ticket submitted by the nominating committee.

**TEXAS PLAYER SIGNED BY CLEVELAND TEAM.**  
Cleveland, Jan. 18.—The Cleveland American League outfielder of May-pat, Texas, was announced by Manager, Jess Speakey. James played semi-professional ball last year.

Before leaving last night for his home in Hubbard, Tex., Speakey said the Indians who will train at Dallas, probably will remain in Texas until April 3 or 4. The team will leave Dallas March 28.

## ENGLAND IS SHORT A MILLION HOUSES

All Housing Schemes Must Meet With Approval of Government Bureau — Unions Supply Labor.

London.—It is estimated that London is short of 150,000 houses and Premier Lloyd George, speaking in the House of Commons has placed the total house shortage for the whole of the United Kingdom at roughly 1,000,000. A house for rent notice board in London quickly attracts a crowd.

Housing is a department of ministry of health, and, by legislative act, local authorities are required to submit housing schemes. Thousands of schemes have been submitted, but progress has been very slow.

Perhaps the chief reason for this has been the economic factor. Houses which cost three or four times as much to build as before the war, cannot obviously let or sell at pre-war figures.

Nevertheless, according to government statistics some 60,000 new houses were started in 1920 and the number contracted for has risen during the year from 10,408 to 133,301.

One striking feature of the effort to provide houses is a housing scheme conducted by the office of works, which was empowered to spend £6,000,000 spread over 18 months. Its operations started in Gamberwell, a South London borough. An arrangement was made by which the office of works supplied the plans, material and supervision, while the local federation of trades unions supplied the labor and the borough council assumed responsibility for the finances. The plan worked admirably and houses were built for £780 apiece, a saving of at least £200, making a total saving to taxpayers of £400,000.

This scheme may become the embryo of a state building department.

The financial difficulties connected with the housing problem have been responsible for the creation by local authorities of interest bearing "housing bonds" which are in some localities a fairly popular investment.

In the north of England, concrete houses have become popular, as machinery largely replaces man-power in their erection. In some parts of London, too, such houses have been built recently, owing to the shortage of bricks, the high rate of wages and other difficulties.

In the north of England, concrete houses have become popular, as machinery largely replaces man-power in their erection. In some parts of London, too, such houses have been built recently, owing to the shortage of bricks, the high rate of wages and other difficulties.

## COUGHING SPELLS

Stop Them Before The  
Inflammation Becomes  
Dangerous

Coughing is far worse than merely annoying to the person afflicted and everybody else within hearing distance. It means that the membranes of the throat and lungs have become raw and inflamed. Besides weakening you, it exposes the system to dread diseases like Pneumonia and Diphtheria.

Take no chances with a cough. Bathe the throat and chest with warm water and dry thoroughly in order to get the pores well open. Apply Krew-Pina and work in by brisk rubbing—it will not blister. Melt a little in a pan over a fire and inhale the medicinal vapors. Repeat these applications until relieved.

Krew-Pina is the tremendously successful household ointment, prepared by a scientific formula from harmless home remedies, including Oil of Pine, and other volatile oils, in a petroleum base. Use as directed in cases of bronchitis, croup, tonsillitis, rheumatism, soreness, bruises, cuts, scalds, bites, etc. home remedies, including Oil of Pine, at your druggist's—30c and 60c jars.

**Free Sample** of Krew-Pina  
Will be sent to any address on request.

## OBITUARY

**Mrs. Dora I. Monnett.**  
Mrs. Dora I. Monnett aged 60 and wife of J. W. Monnett, died this morning at 6:40 o'clock at the Newark Sanitarium following a stroke of paralysis suffered last Thursday while visiting at the home of her daughter Mrs. W. B. Melick in Maple avenue. Mrs. Monnett was taken to the Sanitarium on Friday and never regained consciousness.

Mrs. Monnett was born March 13, 1860 in Etina and was the daughter of John Bismwiler. She had made Newark her home most of the time for the past 32 years.

The deceased was a life long member of the Methodist church.

Beside her husband and daughter Mrs. Melick she is survived by one brother Wilber Bismwiler of Etina and two sisters Mrs. Catherine Matchett of Toledo and Frances Bismwiler of Columbus.

The body was taken to Criss Brothers establishment and prepared for burial and will be taken to the home in 358 West Main street this afternoon.

Funeral arrangements have not been completed but burial will be made in Kirkersville.

**Thomas Birmingham.**  
Funeral services for Thomas Birmingham who died Monday morning will be held Wednesday morning at 9 o'clock in St. Francis de Sales church and burial will be made in Mt. Calvary cemetery.

## EDDIE'S LEAP SAVES EVIDENCE IN RAID

Officers Hurlbough, Donnelly and Stouffer, raised the old John Samuels place on Wehrle avenue this morning about 10:30 where they secured a half gallon of "hooch" which is being analyzed now for alcoholic content, and a quart of whiskey. Pete Mike was arrested as the owner of the place and taken to the city prison. He will be arraigned later this afternoon in municipal court on the charge of possession of intoxicating liquor.

In making the raid Officer Ed Hurlbough displayed great generalship when he leaped over the counter and prevented Mike from spilling the contents of the bottles down the sink and thus destroying the evidence. He said that if he had waited and gone around the back instead of over the place would have been too late to save the stuff so as to prosecute.

# INDIANS HAVE TWO-DAY DANCE

Celebrate Advent of New Year With Spectacular Tribal Ceremony.

Ancient Medicine Men Predicted Advent of White Man's Automobile.

Mayetta, Kan., Jan. 18.—The Pottawatomie Indians recently finished a two days' dance and feast in honor of the new year. It was a celebration which every Indian on the reservation, a mile east of here, attended, and many white guests were present, for the Pottawatomie feasts are famous for their quality and excellence. Harbo and Red is one of the favorite dishes.

The reservation is 25 miles from Topeka, and the dance was held in a clearing about eleven square miles of land. Approximately 500 Indians are living here, and the land is fertile. The white man's civilization has been around the little reservation and left it a relic of pioneer days in Kansas. Much of the white man's civilization has, of course, been absorbed by the Pottawatomies; they all speak English, and

# How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare. I save you about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrup is a combination of pine and syrup. The syrup part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pine in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It's pure, good and very pleasant—children take it eagerly.

You may feel that the hold of a cough or cold is a hard and mean business. The cough may be derm and tight, or may be persistent hoarse from the formation of phlegm. The cause is the same—inflamed membranes—and the Pine and Syrup combination will stop it—usually in 24 hours or less. No matter how long it has been there, or how ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect on coughs.

Beware of substitutes. Ask your druggist for "the goodness of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., Ft. Wayne, Ind.

# COAL DUST LODGED IN MINER'S LUNGS

Tells how his cough was conquered and health restored.

"In November, 1916, I was working in a coal mine and the doctors said the coal dust had settled in my lungs. I couldn't lie down on my right side, coughed so I couldn't sleep and had constant pain in my right lung and under my shoulder blades. I coughed so hard the blood would spurt out of my nose. Finally the doctors had me change climate and live outdoors, but didn't improve.

"Then I came home and started on Milks Emulsion. Thank God, as it did me a lot of good right from the start, loosening up the coal dust in my right lung. In a few weeks my lungs were free. I could sleep like a baby, had an excellent appetite and my cough left me entirely. I gained back 20 pounds in weight and went back to work in the mines completely restored to health."

G. H. Bunn, 6th Ave. and No. 12th St., Terre Haute, Ind.

Thousands of victims of dust-filled air develop the same trouble that Mr. Bunn had. Milks Emulsion costs nothing to try, so why not at least try it?

Milks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and cathartics. It promotes appetite and quickly builds the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are assured to take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price, 75¢ and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

# FLORIDA PLAYS BARNYARD GOLF

Ancient Game of Horse-shoes Finds Many Enthusiasts Among the Victorians From Northern States.

St. Petersburg, Fla., Jan. 17.—Barnyard golf, as the sport of pitching horse-shoes has come to be popularly known, shoves in Florida which always has been the mecca of the enthusiasts of the game in winter. Its supporters are looking forward to the national championship matches to be held here, beginning on February 22nd. Champions at present are busy practicing and two dozen or more courts are kept running here from morning till night. The championship matches will attract crick pitchers from all parts of the country.

The horse-shoe pitchers have developed the game to a high degree. The equipment of a first-class park includes a lodge or club-house for keeping the horse-shoes, a small hand laundry to wash and dry towels for use of the players during the progress of the matches, hydrant of running water for the players to wash their hands after handling the shoes which sink deeply into the soft earth about the pegs, a rake to keep the earth smooth about the pegs during the matches, and a small blacksmith shop to keep the shoes and pegs in first-class condition, as the game is rough on them.

The courts require a pitching distance of 36 feet. A match of two men is called the walking game as the players walk back and forth from peg to peg during the progress of the match. In a four-man match the players play partners and remain in their places at the order of the court.

# SOLDIERS PLAY FOR CHARITY

Christmas Shoppers In London Find Ex-Service Men, Out of Work, Seeking To Earn Living.

London.—Shopping in the world famous Bond and Oxford street districts this holiday season was done mostly to the accompaniment of music rendered by unemployed ex-service men driven by destitution to assume the roles of street entertainers.

Their appeals were not in vain. In the cheerfulness of their tunes, played on all sorts of instruments ranging from jews' harps and music boxes to lutes and street pianos, passers-by seemed to sense something of that "carry on" spirit which, a little more than two years ago, was enabling the same men to endure the hardships and dangers of war in France and Flanders.

Some of these "aim-seekers" wore masks, indicating of just superiority, for the masked musicians were discharged officers.

In front of jewellers' windows with their brilliant displays of costly things, these poorly clad minstrels formed a sharp contrast. But their renditions of "Everything Is Peaches Down in Georgia," and other popular airs gave opportunity for expression of the Yuletide spirit and brought a generous dose of silver from the purses of shoppers.

And in the faces of donors and recipients could be read a mutual hopefulness for the coming of brighter Christmas seasons.

# PORTUGAL SEEKS TO HALT IMMIGRATION

London, Jan. 18.—The Portuguese newspapers have undertaken a campaign to prevent the continued emigration of Portuguese citizens to the United States and Brazil by pointing out that more than 2,000,000 workers are idle and hundreds of factories closed in the United States and that the Portuguese are not welcome in Brazil.

"Innumerable emigrants continue to arrive in Lisbon from all parts of the country on their way to Brazil and the United States," says the Seculo. "It is necessary to stop this avalanche and avoid this calamity, not only because the hundreds that are leaving this country are needed in the fields and workshops but also because they are going to suffer in a strange country all manner of sorrow and misery."

The same newspaper prints a letter from a Portuguese workman in a New Bedford, Mass., textile factory, who sent a warning to his fellow countrymen not to go to that city. He said that soon after he found employment he sent for his wife and children, and they sold their farm in Portugal to pay for their transportation across the Atlantic. Then distress and the closing of the factory reduced the family to extreme misery, and the Portuguese now desires only to return to die in Portugal. He declares that of the Portuguese who remain in New Bedford, many are in abject misery.

# BRAZIL PLANS TO HONOR DEAD EMPEROR

Rio de Janeiro.—Dr. Ruy Barbosa, sole survivor of the emperor's men who in 1889 caused the bloodless overthrow of the empire of Brazil, set up a republic and banished the imperial family, will play a part, as representative of the League of National Defense, in paying homage to the former Emperor Dom Pedro II and his wife when the Brazilian battleship Sao Paulo brings their bodies back from Lisbon. The bodies are expected to arrive here within a few weeks.

Responding to the League's request that he represent it at the landing of the remains of the late emperor, Dr. Barbosa said that the banishment of the imperial family had not been an act of proscription and revenge, but merely a precaution, an elementary guarantee of security for the heads of the old regime and for the calm birth of the new. He was glad that at what was immediately the end of his public career, the opportunity had arisen for reversion of the act of banishment and thankful to be able to take part in the ceremony.

POPE AIDS POOR.

Rome.—Pope Benedict received and distributed among the poorest children of Central Europe in the past year 16,747,994 lire, says the Observatore Romano. This included the pope's personal donation of 100,000 lire. Of this sum German children received about 4,000,000 lire, those of Austria 3,674,000 lire, Poland, 2,000,000, Hungary, 1,291,000, and those of Czechoslovakia 1,050,000. Children of other nations received smaller sums.

# Corn Storage

[National Crop Improvement Service.]

EVERY farmer should be urged to build storage room on the farm. There are quite a number of types of buildings which will protect corn and keep it in good condition. They must have a tight roof and be slatted in such a way that snow and rain will not drive in, and yet provide for ample ventilation. Great care should be taken to build out the rats with concrete foundations and wire screen placed in such a manner that they cannot gnaw their way in.

The corn should dry in the shock so that it will keep in the bin. Nothing is as cheap and good as sunshine to dry grain. All kinds of grain will keep much better in small bins on the farm than in large bins in elevators.

"Farmers' elevators of good capacity are being urged by the farm bureau in every neighborhood," says Mr. Frank

Baeches, vice president American Steel and Wire company.

"Many of them are being equipped with driers. They plan to market as the consumer needs the grain and no faster, and it is to be controlled and financed by the farmers under their plan.

"Their idea is to store their crops on the farm and in the terminal markets where millions of bushels of space are available at about two cents per bushel a month, provided they are certain that they will profit by so doing. This is a large undertaking, which may or may not succeed. They will not lose sight of the fact that they have a worldwide competition and that it is a comparatively easy matter to import grain from other countries.

"The chief value of the farmers' plan is that they will standardize their business and see that it is adequately financed."

# WEST AFRICA IS ASKING HOME RULE

## Commission Arrives In London To Ask Colonial Office For Government Reforms In Four Colonies.

London.—West Africa is the latest country to seek home rule. A mission, representative of educated opinion in British West Africa, has arrived here to urge upon the colonial office a number of reforms in the internal administration of the four West African colonies and protectorates, Sierra Leone, the Gold Coast, Nigeria and the Gambia, says the London Times.

The mission has been sent to this country by the National Congress of British West Africa, and seeks in the first place the creation of a legislative council which will be composed of one-half of members chosen by the crown and one-half of members elected by the people, and for a house of assembly which would have complete control of the revenue and expenditure.

As to local government, the mission urges that municipal corporations should be established in each of the principal towns of the colonies.

The judicial system of British West Africa, in particular Nigeria, is criticized by the mission which states that at present "it is the practice to appoint to judicial offices Europeans who have not received any legal training and who are not competent to exercise judicial functions."

Among other suggested reforms they seek: The establishment of a West African University; the removal of the color bar in the West African medical service and the introduction of immigration laws to prevent the influx of undesirable aliens to British West Africa.

# AGED COUPLE FAMED FOR THEIR HOSPITALITY

Ravenna, O., Jan. 18.—Railroad trainmen, tired and hungry, sigh with relief when they reach Black Horse, near here, for they know from experience that they will find a piping hot home-cooked meal and an atmosphere of cheery "homeliness" that they can relax in.

Mr. and Mrs. Warren Lane, Black Horse, both past 70 years of age, are known to hundreds of railroad men and their little home here for 15 years has been headquarters for the trainmen.

The first thing railroaders do when they reach Black Horse is to quickly find their way to the little frame house of "Aunt" and "Uncle" Lane.

Fifteen years ago, the Lanes moved to Black Horse from here. They started to prepare meals for railroaders as an experiment, but it was so successful that they made it a permanent thing. In addition they farm a small tract of land.

Black Horse was famous in pioneer days as a station on the old Cleveland and Pittsburgh stage route. The old inn, built by such of the "Black Horse" as served as a dwelling house decades ago, the stage coach made its last trip, it was destroyed by fire recently.

When the Lanes built their home at the historic point, it was said to have been the first new building erected in the community more than 50 years.

Mrs. Lane was born in Austintown, Mahoning county, February 14, 1846. She was married to Warren Lane, February 15, 1874, at Warren, Ohio.

Mrs. Lane's grandfather, Adam Curry, was a revolutionary soldier, and also fought for years in the wars against the Indians. In one battle with British soldiers, according to Mrs. Lane, he was wounded, and was carried to safety by General George Washington. He died at the age of 97.

Mr. Lane traces his ancestry back to the first Jamestown settlement in Virginia in 1607. He was born in Pennsylvania county, August 21, 1824. When he was 18 he was working as a section hand on the old Atlantic and Great Northern Railroad.

# STUDENTS WAGE A BATTLE OF WORDS

Columbus, Jan. 18.—Instead of going after dental students at Ohio State University here, with the tools of their profession, medical students of the college took recourse to the King's English, when the dentists failed to keep an arranged date for a football game between the two colleges. The medical posted this notice on the bulletin board in chapel hall:

"The students, toothcarpenters located one door north have developed a veritable streak of yellow, extending from the gutta-serena, to the superior nuclear line, cephalic, and the football game scheduled will not be played."

"This nomenclature is not due to letters or any other pathological condition, but is rather a dysphonic complex, directly referable to a congenital factor known to the profession as 'Hiper Albus Dentisphonia,' often spoken of by the laity as 'white teeth.'"

"This condition, we regret to say, is inoperable and resists all known medication. All we can hope for is that our opponents will enter into the spirit of evolution, and in this manner develop at some future time, through adoption and protective difference, such of the characteristics as have made man the accepted head of the phylum. It is only by climbing in the evolutionary scale that this condition of so-called, 'pale spine,' can be successfully eradicated."

# SCOTLAND SATISFIED WITH WET COUNTRY

Edinburgh.—Scotland has definitely decided to remain mainly wet. Voting on prohibition under the Scottish Temperance Act has been concluded with this result:

Polls were taken in 572 areas, with the result that 296 voted for no change in the present regulations, 41 for abolition of saloons and 35 for limitation of drink licenses.

As a consequence, out of a total in Scotland of 5,371 licenses, 447 will be withdrawn.

Of 1,153,978 individual voters, 692,222 were for no change, 442,530 for prohibition and 19,226 for limitation.

## KING GEORGE JOINS HOG BREEDERS' CLUB

London.—King George has just been elected a member of the Large Black Pig Society, the Times announces.

Members of this society are breeders of a famous Berkshire variety of large hogs, some of which were purchased recently from the royal farms at Windsor by King Alfonso of Spain, with a view to improving the native breeds.

## FINES HIMSELF FOR GAMBLING.

Chillicothe, Jan. 18.—To abate criticism of Democrats, R. W. Lucas, justice of the peace in Huntington township, Ross county, recently fined himself \$50 and costs on a charge of gambling. He played penny ante, he said, and fined himself for the moral effect such action would have on the community.

Advocate Want Ads. Bring Results.

(National Crop Improvement Service.)

**A WELL-PLANNED farm is a source of satisfaction.** Every man ought to make a detail plot of his entire farm and plan his fence so that small fields can be made into larger ones and large fields divided both for hogging off and separating rotation crops. A map makes it easy to record the yield from the various fields, and if a rotation map is made each year, by referring to them each season any wise farmer can plan a rotation which will be sure to make money for him and build up his land.

The working out of a map of this kind helps the farmer to see and correct the weak spots in his plans for cropping, and when well done, leads to more uniform production and a more satisfactory volume of business.

"Sometimes it will be necessary to work out a temporary plan," says Mr. Frank Baackes, vice president American Steel and Wire company, "which can be modified and changed from year to year until a permanent plan can be established."

"These yearly maps can be used as ledgers if made of sufficient size so that costs and yields and income can be recorded and compared from year to year on each field."

"It may prove that his farmstead (the house and the barn and garden) is in a very poor location, and it may take nerve for him to move them; but all that should be taken into consideration is saving steps and allowing a greater amount of work to be accomplished with less labor, which is after all the most important thing."

## TEMPLE IS SOLD TO BE USED AS FACTORY

Chatham, England, January 18.—Jezzeel's Temple, the former headquarters of the sect known as New and Later House of Israel, near here, has been sold and is to be turned into a jam factory.

The Temple, a great, gaunt building, stands on Chatham Hill and is a landmark of Kent. It was erected 30 years ago by James White, the founder of the sect, who claimed to possess a roll of

the 144,000 faithful to be caught up to Heaven on the Day of Judgment, according to the Revelations.

After White's death, the Temple was occupied for some time by an American Jesuit, who styled himself "Prince Michael."

## BANS MODERN DANCE.

Paris.—Women are warned against indecent fashions and modern dancing in a letter from Cardinal Dubois, Archbishop of Paris. The Cardinal wrote that the conscience of Christian women and girls does not permit them under any pretext to take part in the modern dances, the majority of which are exotic in name and origin.

## MURDERER LEAVES PRISON RICH MAN

Made Rich by Oil Lands While Serving Term in Texas Penitentiary.

Eastland, Tex.,—“Uncle Bill” Edwards, who was sentenced to the penitentiary about ten years ago for the murder of a neighbor, G. A. Rogers, entered upon his term of 33 years of imprisonment a poor farmer. He was released a few days ago, upon pardon of Gov. W. P. Hobby, and finds himself a millionaire, all due to the discovery of oil upon his 329-acre hillside farm.

Edwards was pardoned on his seventieth birthday, the pardon coming

He Was Released.

as a birthday gift. He had served a few months short of ten years in prison.

Edwards was offered a pardon by Governor Colquhoun several years ago, and again by Governor Ferguson, upon petition of his relatives. In both instances Edwards refused the pardon, on the ground that he had not yet suffered enough for the crime he had committed. It was only a few days ago that he arrived at the conclusion that he had atoned for the deed, and he thereupon wrote Governor Hobby, who granted the pardon.

During the time that Edwards was in prison his farm and other interests were looked after by relatives, who leased the land for a big price when oil was discovered. The fortune of the aged man began piling up and it was all held for him, pending his release from prison.

“Uncle Bill” does not know what he will do with all his wealth, but he is considering plans for using a part of it for the benefit of humanity.

## ‘MONEY MAKER’ GETS \$37,000

Machine Proves Profitable for Two Swindlers Till Law Steps In.

New York.—Stanley Watkins, twenty-five, and Martin Kojala, forty, were held in \$10,000 bail each for examination on charges of grand larceny. The affidavits allege that on May 18 (the men swindled Joseph Norwich of 676 Wales avenue, out of \$22,250, by selling him what they told him was a money-making machine.

Since August 3, 1919, the detectives say, the two men are believed to have obtained not less than \$37,000 from various victims in this city, Boston, Bridgeport, Bayonne, Philadelphia, Newark, Arlington, Mass., and Bangor, Me., through selling “money-making machines” to 24 persons, mostly foreigners. The schemers, according to the police, first made it their business to find out how much money the prospective victim had saved up, and to make their price for the money machine approximate this amount.

## Love for Mother-in-Law Leads to Man's Arrest

Some men like to feel their mother-in-law are about a million miles away. But Robert Dawson of Louisville, Ky., isn't in that class. He and his mother-in-law, Mrs. Christine Teppel, were arrested in Fort Wayne, Ind., Dawson being accused of leaving his family in Louisville. His only excuse was his infatuation for his wife's mother.

## Pinned Fifteen Hours by Horse.

Concord, N. D.—Al Olson, a rancher, spent 15 hours under a horse which fell with him into a gully near here, and was caught under some brush. The horse was unable to rise and Olson's legs were caught under the animal in such a manner that he could not extricate himself. The horse struggled to his feet, and during the effort bruised Olson considerably. The man dug a hole in the earth with a pocket knife in which to bury his head when the horse attempted to get up.

## Anna Belle's Dinner

By AGNES G. BROGAN

(Copyright, 1920, Western Newspaper Union.)

Anna Belle had come to her last fifteen cents; it was as bad as that. Anna Belle had been homeless, indeed, since grandma Brown died. The motherless baby had been safe in the old woman's care, and when grandma Brown grew to be in need of constant care herself, Anna Belle most gratefully had given it. Now that it became necessary for the girl to earn her livelihood in the big unaccustomed city, she found how unfitted the simple round of home duties left her for greater tasks. The business world was a very confusing place in its exactions for “experience.” Every advertisement that Anna Belle sought out so eagerly, ended with that disappointing requirement.

As Anna Belle went, like a small gray, nun in her wooden suit and gray hat down the walk, she stooped to pluck a scarlet bloom to fasten beneath her own rose cheeks, and considered what would be best to buy with fifteen cents. One roll and a cup of coffee, she decided, would be all that she might expect, so Anna Belle made her way into the inviting Dutch interior of the cafeteria. She carefully followed the others with her appropriated tray, keeping her face resolutely from the tempting array of food before her, one roll and a cup of coffee was to be her entire allotment. Perhaps, she thought hopefully, the sent meal would take the edge at least from her healthy country appetite; but alas! the roll and coffee were all insufficient.

It was not until she had finished, busy with her troubled reflections, that Anna Belle saw the doughnut. It was a tempting, taunting doughnut, deliciously light and brown, with an odor of hidden nutmeg like grandma Brown's own. Suddenly tears and memories clouded the girl's eyes. That the doughnut was part of a satisfying meal belonging to an opposite table companion, Anna Belle did not realize. She only knew all at once, that she was miserable, penniless and alone. And then, more to screen her tear-filled eyes than in hope of finding work, she snatched the newspaper she had bought that morning, and scanned again its “Help Wanted” pages. When she lowered the paper, her table companion had departed, leaving a half-finished meal behind him. The doughnut was gone—she noted that, but there was a savory slice of ham, some glorious browned potatoes, a slice or two of tomato on its lettuce leaf. Anna Belle hesitated no longer. The voice of hunger was more insistent than that of convention, why waste food which was discarded? She helped herself rapidly from the opposite dishes, and rapidly ate, and as she finished, a pleasant-faced young man slipped into the recently-vacated chair opposite and placed his tray before him. There was another doughnut on this tray and a steaming cup of coffee, but Anna Belle was tempted no longer. With hunger appeased, her bright courage returned.

“Beg pardon,” said the young man quickly, “and please don't be offended at my question. I see you are interested in the ‘Help Wanted Female’ department. Could it be just possible that you are looking for employment? Because if you are,” he added hastily, “our firm is in urgent need of an office woman.”

Anna Belle gasped. Then she smiled. It was a sad little smile and she shook her head. “Experienced of course,” she quoted. “Not necessarily,” the young man answered eagerly. “Fact is, we are hoping to train a girl, making her competent for our own needs, you understand. And we'd be willing if she was—well, worth while,” finished the young man honestly. “to take her on and coach her. Dad has his own ideas regarding his own office. Here is his card, and if you can drop in there between three and four this afternoon I'll have paved the way for your coming.”

Anna Belle stared from the engraved card back to the young man's kindly face. The firm stated was one whose advertisement she had yesterday answered and been repulsed. But the young man with a nod was gone and Anna Belle still holding the card and with new hope in her heart, went out to begin her long walk to the designated office.

And so strange and unexpected is life, that when she had reached full competency in her new accepted work, and was giving the greatest satisfaction, Anna Belle decided to give that work up altogether. The junior partner of the firm had persuaded her most happily, that her true place in life was at his own side, while the senior member gladly gave consent.

“You may know now, dear,” Anna Belle told her lover, “how very much you have done for me. Why, when we first met, I had only fifteen cents left to buy my dinner, and—”

“I know,” that young man cheerfully responded, “and, so you ate pine. I had just gone after an extra doughnut and a cup of coffee, you see, when you did it.”

“Jack!” exclaimed the girl, “you don't mean that you were the first man at the table?”

“I'm afraid,” Jack said tenderly, “that your eyes were too full of tears at the time to see very well, my dear, but there never will be any more tears if I can help it.”

And Jack kept his word.

## SAY CHARLEY WHITE "STALLED" IN MATCH

Milwaukee, Wis., Jan. 18.—Charles White, Chicago heavyweight boxer, was cited today to appear before the Wisconsin state boxing commission to answer charges of stalling in his match at Kenosha last Friday with Satchel Freedman, also of Chicago. The referee, Edward Houlihan, stopped the bout in the closing round, the fifth, on the recommendation of Dr. C. W. Morley, member of the commission, awarding the decision to Freedman. White's guarantee was tied but his end of the purse was not under the commission's jurisdiction.

PLAN TENNIS MATCHES.  
New York, Jan. 18.—Possibility of staging the Davis cup tennis preliminary matches in various parts of the United States has been considered by the International committee of the United States Lawn Tennis association. The committee has learned unofficially that Australia, the British Isles, France and Japan are in favor of playing the preliminary ties in this country, which would make it possible to hold these contests in Boston, Philadelphia, Chicago, Pittsburgh and New York, similar to the plan followed in 1914. A tentative program was submitted at the annual meeting of the association next month.

BANS NAUGHTY DANCE.  
Chicago, Jan. 18.—The "shimmy" and the "toddle" are not proper dances for school entertainments. School Superintendent Peter A. Mortenson ruled today in barring the dances from the county center activities. The Barentino public school where neighborhood young people had been meeting for social events. Members of the floor committee of teachers at the county center differed in their opinions as to the propriety of the dances, it is the performing center which is closing the school to community activity.

## BARBERS HEAR TALK BY UNION OFFICIAL

The members of the Journeymen Barbers Union entertained the boss barbers of the city at a banquet at Trace's restaurant last evening. Fifty barbers and their guests were present. Five course dinner was served.  
J. H. Sharritt acted as toastmaster introducing J. C. Shanessy of Indianapolis, general organizer of journeymen barbers. Mr. Shanessy spoke of the good conditions in the trade obtained by cooperation of the journeymen and the boss barbers, and by the correct treatment of the patrons of a shop. He urged courteous treatment at all times and under all conditions. Dr. G. H. Schmitt gave a very enjoyable talk emphasizing the theme of good fellowship.

## SERVES 15 YEARS FOR JOB HE DIDN'T DO

Geneva.—After serving more than 15 years of a life sentence for murder of which he has always claimed to be innocent, a young man named Hest Campbell, having confessed.  
On the day following a popular masked ball at St. George in May, 1906, the body of a young Swiss girl was found in the waiting room of the railroad station where she had been strangled to death. She had been seen the previous evening in the company of a young man dressed as a peasant woman. The description of her companion, tall, with a costume worn by a Harlequin, and he was tried and sentenced to life imprisonment, entirely on circumstantial evidence.

The three Green children who were burned to death at Chardon, and with whom their mother died when she found she could not save them, are the grand children of Harvey Green of Nashport. Their father Louis Green resided in Mr. Vernon for a number of years where the family formerly resided.

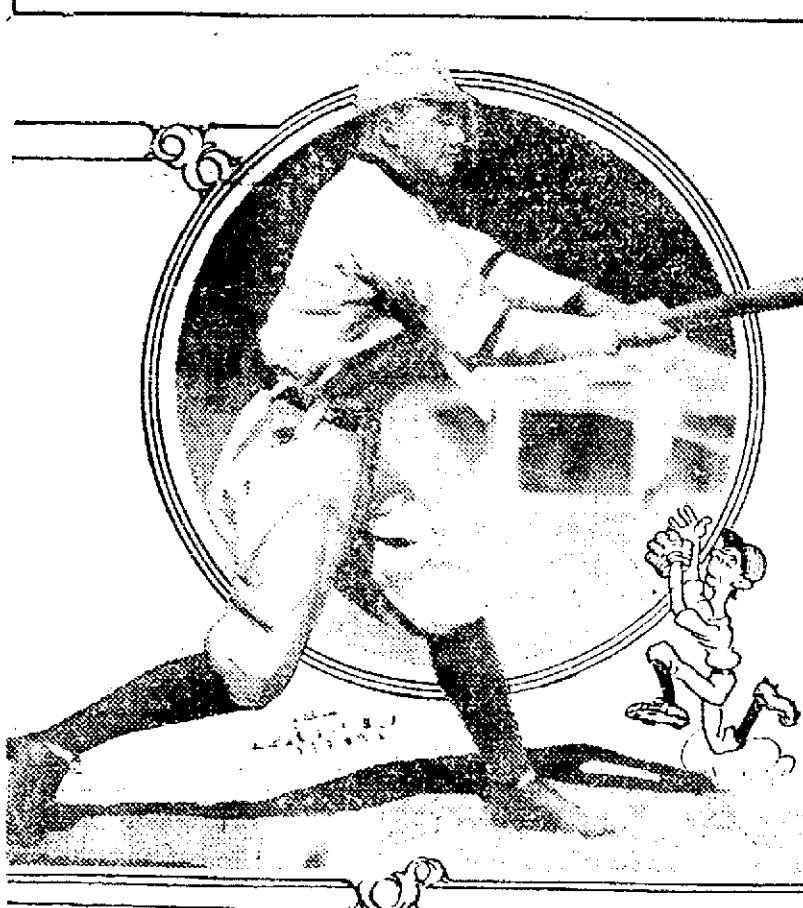

## IMPORT HOUSE DEVELOPS

The Lithuanian Relief Association, which started business last March, as a small organization to arrange for the shipment of relief supplies to Lithuania, has now developed into a large export and import concern with branch offices in most of the larger Lithuanian cities in America. Its increased scope is largely due to the recent trip to Lithuania of its president, John J. Roman, a Harvard graduate and a former officer in the American army, who negotiated for the establishment of several textile factories there and succeeded in introducing the Ford tractor to Lithuanian farmers.

## SPANISH CABINET TO RESIGN

Paris, Jan. 18.—Decision to resign has been reached by the Spanish cabinet, according to a Madrid dispatch quoting information received in political circles at the Spanish capital. It is declared Premier Dato will hand the resignation of his ministry to Alfonso upon the king's return to Madrid from Sicily today.

## WILL DEL PRATT PLAY WITH BOSTON?

Boston Red Sox fans are crying "stung." They say that the Yankees hung one on the Sox owner when the Gotham club swapped Del Pratt, Herb Thormahlen, Muddy Ruel and Sam Vick for Wally Schang, Waite Hoyt, Harry Harper and Mike McNally. They say that Miller Huggins was aware that Del Pratt had decided to retire when he allowed the deal to be made and that Pratt, star second baseman and the most valuable man obtained in the deal, will be lost to the Red Sox. Pratt announced some time ago he intended to quit the game. Whether or not he's still inclined that way isn't known.

# MOSCOW JAILS HOLD THOUSANDS

Riga Residents Returning From Soviet Capital Declare That 100,000 Persons Are In Prison.

Riga.—Latvian hostages, returning home from Moscow, state that all the Moscow jails are overcrowded with prisoners, the number imprisoned being more than 100,000, one-fifth of all the inhabitants of Moscow.

All hostages in the city have been turned into jails and even the upper story of a large rubber works has been fitted up so as to accommodate 20,000 prisoners.

The conditions in the jails were said to be indescribable. One of the hostages referring to the conditions during June and July said: "We were living under the shadow of death. Every night 60 or 80 prisoners were torn from the jail for execution."

Owing to the constant feeling of the necessity of death many of the prisoners became insane and fell ill from underfeeding, the hostage added.

Last month the Latvian prisoners declared a hunger strike as a protest against their imprisonment, which at most amounted to a breach of the peace treaty between Latvia and Russia. They were freed at the request of the Latvian ambassador.

# DIES AFTER PROPHETIC TEXT.

## LAW FOR JURORS MAY CHANGE

With Women Serving as Jurors With Men Impossible Not to Separate Them.

Columbus, Jan. 15.—The old Ohio law, which prohibits jurors from separating after they have begun deliberations, may have to be changed, as a result of the mixed jury system, resulting from woman's suffrage.

A Cleveland lawyer said a case in point which arose there recently will be carried to the supreme court.

A Cleveland lawyer said a case in point which arose there recently will be carried to the supreme court.

There were 10 men and two women on the jury in a criminal case, he said. No verdict had been reached at night-fall, and the judge ordered them to a hotel.

The law required that all be placed in the same room. This was unthinkable to bailiffs and jurors. The two women were placed in one room the 10 men in another, and both rooms guarded.

Whether this is permissible under the old Ohio law will form a point of action in an appeal by counsel for the defense, the lawyer said.

In a Ross county case years ago, it was pointed out, the Ohio supreme court set aside the verdict of the trial court because one juror separated himself from the other 11 long enough to go across the street for a drink at a saloon.

In its decision, the highest court in the state said much about the absent juror having no excuse from absenting himself from the others. This speculation about "excuses," according to attorneys, leaves the question that if the juror had had a good "excuse" the decision might have been different.

## MOVIES IN THE FINDLAY SCHOOL.

Xenia, Jan. 15.—Introduction of motion pictures into the schools of Xenia for the purpose of facilitating visual education has been completed. It was announced today by the board of education.

The main purpose of the innovation, the announcement said, is to supplement class room instruction and to stimulate interest and punctuality. Weekly shows also will be given to which a charge of 10 cents will be made. Proceeds will go towards payments of the machines.

## "I NEVER GAVE AN ENDORSEMENT FOR ANY OTHER REMEDY"

"But Drego Did Me So Much Good I Feel I Should Break My Rule and Tell It."

"I am 71 years old but till this day I never gave my public endorsement for any medicine, but Drego has benefited my troubles so much I am breaking my rule and telling about it for the benefit of the public." are the words of Mr. Daniel Shaw residing on Monroe Avenue, Newark, Ohio. Mr. Shaw is a well-to-do farmer and is highly respected by the citizens of this city.

"Drego acted on my kidneys and regulated them nicely, and the back-ache stopped, so that I no longer have dizzy spells or headaches, strengthened my stomach so that my food nourishes me and this increased my strength very much. I never have heartburn these days and my nerves are steady so that I sleep sound all night long. I am a hard worker which requires a lot of strength, so I am going to begin getting more rest and keep on taking Drego for some time and feel sure I'll soon be in excellent condition. I strongly endorse Drego."

The recommendations of high class responsible persons right here at home is the best thing we can publish about Drego.

Drego acts on the stomach, liver, kidneys and bowels, tones them up and restoring the action as Nature intends.

All druggists now sell Drego and it is being especially introduced in Newark by Evans' Cut Rate Drug Store.—Adv.

## HE DARKENED HIS GRAY HAIR

Tells How He Did It.

Mr. J. A. McCrea, a well-known resident of California, who was called Daddy and Grandpa on account of his white hair, darkened it with a home-made mixture, recently made the following statement:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 1-4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. It does not color the scalp, is not sticky or greasy and does not rub off."—Adv.

## LEGAL NOTICE.

The State of Ohio, Licking County, ss. Court of Common Pleas.

William Gordon and Anna Gordon, Plaintiffs.

vs.

The Carter Oil Company, et al., Defendants.

No. 20171.

L. H. Woddrop, residing in the City of New York, State of New York, will take notice that on the 4th day of August, 1920, William Gordon and Anna Gordon filed their petition in the Common Pleas Court of Licking County, Ohio, in case No. 20171 against the said L. H. Woddrop and others, praying that their title be quieted and for other equitable relief against said L. H. Woddrop and the other defendants in the following described real estate, to-wit:

Situated in the county of Licking, State of Ohio, and township of Hopewell, and being the west half of lot number 7 in township number 1, in quarter township number 3, of range 10, containing 80 acres of land, more or less.

Said party, L. H. Woddrop, is required to answer on or before the 28th day of March, 1921, or the allegations of said petition will be taken as true and judgment rendered against him.

# WANT PASSPORT NOW SIMPLIFIED

## Commercial Organization of Europe and America Want Restrictions Modified For Benefit of Trade.

Berlin.—There is a spontaneous demand from commercial organizations of Europe and the American continent for simpler passport regulations, says Fred W. King, acting president of the American Chamber of Commerce of this city. The matter already has been brought to the attention of a number of governments and protests have been made to Washington against the American system of issuing short time passports, it is stated. The protest is based on the ground that there is much delay and difficulty in having these short period passports renewed when they have expired.

Representatives of Chambers of Commerce of many nations are to hold a conference, the time and place of which has not yet been determined, for the purpose of developing a passport plan that will be at once satisfactory to the governments and meet the needs of commercial and other travelers.

Those advocating changes want passports to be issued for perhaps a number of years instead of for a few months and to eliminate the custom of vizing, inspection and long examinations at every frontier. It is claimed that the delays resulting from present regulations have been carried to a most aggravating extent by some of the smaller nations of Central Europe.

"Business men have told me of losing hundreds of thousands of dollars by being unable to keep appointments and close contracts because of delays in receiving credentials to cross the frontiers," said Mr. King. "The present system is absolutely hopeless from a business viewpoint. What is needed is a simple method which will do away with all the red tape and permit people to move about as quickly as affairs require. This is entirely possible."

The movement toward greater simplicity is understood to have originated with the Chamber of Commerce of Buenos Aires, Argentina and South American countries are particularly anxious to simplify passport customs in view of the increasing business they are doing with the European nations. Their Chambers of Commerce are conducting an active campaign to this end.

# FOLK LORE OF IRELAND BROUGHT BY LECTURER

Most general was the entertainment afforded Monday evening at the High School Auditorium when Seamus MacManus, Irish lecturer, gave a program made up of Irish stories, folk lore and proverbs.

Mr. MacManus, has an appealing voice, marked by the inflections of the Irish language, and he told those who were present that the folk lore of Ireland was in folk lore. How the Irish people had handed down from generation to generation the tales, the stories and the proverbs.

From Keshigo, Ireland, Mr. MacManus, was himself a story teller in his own right and his work is almost a profession. He was also a school master in his district and has written many books.

He retold some of the well known stories to the delight of the audience, who was not a few. He also told the term him in America, but when the Irish call all their less favored brethren "one of God's poor."

He explained how the Irish people believe in fairies and the afterlife. The lecture was given under the auspices of the City Federation of Women's Clubs and Mrs. George Leach, of the Chamber of Commerce, introduced the speaker.

# COSHOCTON BOY IS MORGAN'S SECRETARY

Congressman William M. Morgan today announced that he has appointed James A. Glenn of Coshocton as his private secretary. Mr. Morgan is the newly elected Republican congressman from the 17th congressional district, and will assume his duties as a member of Congress March 4.

James A. Glenn is the son of Judge and Mrs. James Glenn, Coshocton. He is a graduate of the Coshocton High School and of the University of Columbia. He is a member of the Lambda chapter of Phi Sigma Chi fraternity and served as president of this chapter during 1919. During the recent campaign Glenn was executive secretary to George M. C. Adams, of the Coshocton county Republican executive committee. He also assisted Thomas G. Brown, chairman of the Coshocton county Red Cross organization during the recent membership campaign. He will leave for Washington from February 15 to take up his secretarial duties.

# EXPRESS MESSENGER SUCCUMBS SUDDENLY

Harry Smith, 21, died suddenly Monday afternoon at his home, 217 North Fifth street. He had been ill for some time with typhoid fever. Mr. Smith was employed as an express messenger with the Baltimore and Ohio Railway company. He was the son of Mr. and Mrs. Lewis Smith of Maple avenue, Zanesville and formerly lived in that city.

He was a member of the Pilgrim Evangelical church of Zanesville and the Brotherhood of Locomotive Trainmen. He is survived by his wife who was Miss Helen Mylius of Zanesville, one son Billy aged two and a half years, his parents and one brother Stewart Smith of Zanesville.

The body was taken in charge by Fitzsimmons Brothers and will be sent to Zanesville Wednesday morning at 8:30 via B. & O.

Funeral services will be held Thursday at the home of the parents and burial will be made in Greenwood cemetery.

Thursday.

E. Main M. E. vs. North Ave. M. E. 8 o'clock. First Presbyterian vs. First Methodist 8 o'clock.

The First Methodist team seems to be strong. This team won its first game Monday night, including Monday night defeat by the Junior Moose, and lost the last two by big scores. Monday night's game was little more than a shoot-out for the Junior Moose team. Schenk shot seven goals and Forsythe made four.

Next Thursday night East Main M. E. is scheduled to play North Avenue M. E. Both of these teams have been going strong and this will be a good game.

The N. B. C. should be congratulated for their strong Monday night team in the first game. The Maple Avenue team (N. B. C.) however, is a very strong team in any of its games and when the contest is over of the week it should be in shape to play some good basketball. Samms and Evans divided the scoring honors in this winning team by scoring near 20 each. Middle Cramer was high man for the Maple Avenue team with 10 points and 10 rebounds.

# FORMER NEWARK MAN DIES IN CALIFORNIA

Charles Winkop, Coman, formerly Newark, for 10 years a resident of Pasadena and more recently one of the most successful orange growers of California, died at his home Monday following a stroke. His widow, well known in club and social circles, is Mrs. Mary M. Coman and three of the grown children were with him at the time of his death.

Mr. Coman was a native of Ohio, born in Newark March 2, 1856. He married Miss Mary Morrison in 1884 and twenty years later took his family to California, moving to the ranch at Covina about four years ago.

Previous to turning up his permanent residence in Covina Mr. Coman was actively engaged in developing his property there, which consisted of 30 acres, planted in California oranges.

While a resident of Pasadena Mr. Coman was an active supporter of the Y. M. C. A. and was closely in touch with civic affairs, though not actively engaged in business.

Surviving and deceased are a widow, three sons and three daughters. The eldest son, Morgan, is at present engaged in research work in Cheney Wash. Ellis S. Coman, and Edward C. Coman lived at home. Mrs. Henry D. Holt, formerly Miss Carl Coman, who will be well remembered in Pasadena, is in China as a missionary. The other daughter, Mrs. Fred Bohater, lives in Clarion.

Charles Coman resided on a farm at Harcourt and his father lived in the village of that name, now located in the rear of the City Hospital in Duquesne city street.

O. C. Jones of Newark, who is spending the winter in California, was one of the pall bearers.

# NO ACTION TAKEN TO CHANGE LOCATION

It is understood that the Ohio Power company is contemplating the taking over of a part of the Elder building in West Main street for offices.

The main offices of the company are now on the mezzanine floor of the Newark Trust company. An official of the company stated today that no action had been taken on the matter yet.

# GAIN IS SHOWN IN SCOUT ROLL

## Report For Year Shows An Increase of 11.9 Per Cent In Enrollment During Past Year.

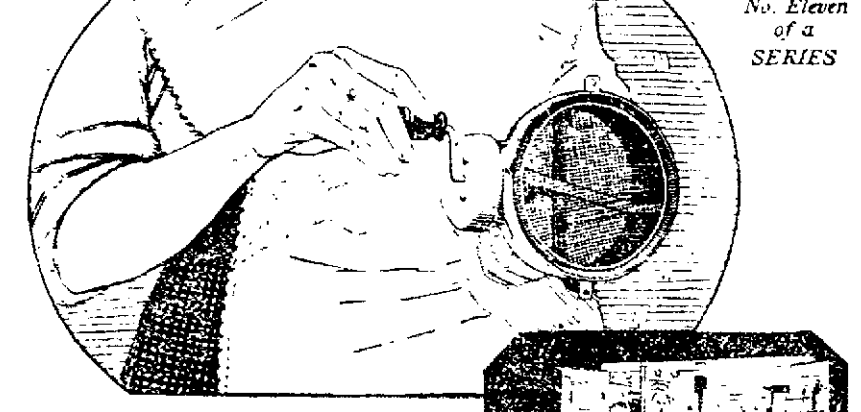

The annual meeting of the Newark Council, Boy Scouts of America, was held in the parlors of the Second Presbyterian church last evening. Support was secured by the ladies of the church.

Vice president E. M. Black, president of the council, presided in the absence of President S. E. Alphon. After the roll call, and the minutes of the last meeting, the annual report of the Scout executive was read, showing a gain for the year 1920 of 11.9 per cent.

The committee made its report, pointing out its members of the executive committee, the following men: E. L. Jones, E. C. Wood, S. E. Alphon, A. Black, H. C. Jones, J. M. Smith.

## What Is Oakoal?

### OAKOAL is a patented Fuel

Tests conducted by Armour & Co. of Chicago, and many other experts, including Dr. A. B. McCallum, chairman of the Research Bureau of Canada, the Canadian Department of Mines, and Prof. Angus of Toronto University, for Fuel Controller McGrath, prove its combustible properties, its burning duration, and its heating capacity all to be superior to the finest grades of coal.

"OAKOAL" IS COMPOSED AS FOLLOWS:

|                         |     |
|-------------------------|-----|
| City garbage and waste  | 50% |
| Mine waste or coal dust | 45% |
| Tar                     | 5%  |

"OAKOAL" burns to a very fine ash, which according to government tests, contains 1.95% potash. "OAKOAL" give 98% efficiency while the best grades of coal have only shown 72% efficiency.

### YOU WANT WEALTH, COMFORT, HAPPINESS

All these things are possible to you, even though your investments are small. Do not think that because you have not a large fund that you cannot make investments that will eventually give you wealth. Most of the self-made wealthy men of the past and present at one time had little ready cash, less than the average men and women of today; but they made use of their opportunities and continued in that direction until their ambitions were realized.

### FORTUNES STARTED WITH SMALL INVESTMENTS.

There is nothing gained in hoarding a few dollars, but a few dollars or a few hundred dollars wisely invested will start you on the highway to success; and your profits reinvested will eventually give you that return in wealth of which you have dreamed. Little investments grow into large fortunes, but you must make the investment; it must be made in a good thing and at the right time.

### A HUNDRED DOLLARS INVESTED IN THE RIGHT PLACE AT THE RIGHT TIME WILL EARN AS MUCH AS A MAN STEADILY EMPLOYED.

## LIVING COSTS ARE CUT ONLY 5.6 PCT FIGURES REVEAL

Average Costs Still Nearly 100 Percent Above Pre-war Figure.

Clothing Prices Drop 14 Percent Up to Last November.

New York, Jan. 18.—The cost of living decreased 5.6 per cent in the four months from last July to November, the national industrial conference board says in its report just made public.

This four months decrease, however, left the cost of living higher than in July, 1914, immediately before the war, by the following percentages: Clothing 128, food and light 109, food 95, sundries 92, and shelter 66.

In its eighth report on living costs, the board let a ray of hope shine on its assertions by stating that merchandise

dealers seemed to expect a further drop in prices early in 1921.

The decline of 5.6 per cent in living expenses from last July, said by the board to be the "peak of high prices" in November, followed a steady rise which began in 1914, it was explained except for a 3 per cent drop in the four months period in 1918-1919 immediately after the armistice.

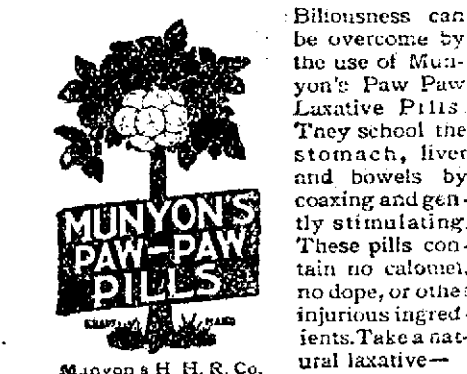

"The average price of food dropped nearly 12 per cent between last July and November," the report said, "but the average price of potatoes dropped 63 per cent and that of sugar 51 per cent. The average price of eggs rose 51 per cent."

"The drop in clothing prices from last June to November was over 14 per cent but average prices of many items fell more than this. Cotton yard goods dropped 26 to 42 per cent. Hosiery, men's shirts, women's blouses, men's underwear and men's coats fell 20 to 25 per cent. Shoes, men's and women's suits and women's coats, knit underwear and hats decreased less than 20 per cent. Gloves scarcely changed at all.

"Other items increased, but not enough to offset the decline in food and clothing."

"Rent increases continued to appear but were less sensational than in preceding periods and for the first time in many months decreases were reported. The industrial cities of Detroit, Lansing and Flint, Mich., Akron, Ohio, and Elkhart, Ind., reported a falling off in rents up to 20 per cent in some cases. The largest advances in rents noted were in Sacramento, California, and Washington, Wash., where the rise was somewhere between 21 and 40 per cent."

## FIRE PREVENTION REPORT FILED

Joint Committee of Service Clubs and Chamber of Commerce Report Findings on Proposed Lower Classification.

The recommendations of the joint committee on fire prevention, a committee made up of members of the Chamber of Commerce, Rotary, Kiwanis, Lions and Alhambra's clubs, in their recommendations submitted to the city council at their meeting last night included the following which have already been complied with by the fire and water works departments of the city: "That pumps at the water works be operated so as to maintain a water level reserve at all times; "That arrangements be made to notify firemen on the off shift either by tower bell or by siren in their residence, and provisions made for their response to fires or to man rescue apparatus; "That all men in the fire department be given regular drills and instruction at drill tower, in the use of pump and extension ladders, in first aid work, in rescue work with ropes and net, and in the use of all appliances; "That records be kept of building inspections, showing frequency of inspection, defects found, and results obtained."

Important recommendations which have not as yet been adopted include the strengthening of the distribution system by joining the dead ends on the old system with the mains of the new system and that they be connected at 13 different points in the city; that 2,400 feet of 12-inch and 3-inch hose be purchased so that 1,000 feet of spare hose be provided for each hose wagon; that a comprehensive building and electrical code be adopted by the city, and that combustible roof coverings be required for all new or repaired roofs within the city limits.

If the above recommendations were complied with the rating of the city would be changed from class five to class four which would entitle it to a reduction of 4 per cent on fire insurance premiums and 5 per cent on fire mercantile buildings. The committee urgently requests that the city council immediately enact the necessary legislation to provide the city with an adequate building code and the means of its enforcement, together with the other recommendations. The personnel of the committee is as follows: George Pickup, chairman; T. C. Beiser, J. A. Warren, P. M. Black, George Hermann, D. J. Simpson, H. C. Ashcraft, M. J. Reese, E. T. Johnson, Lee S. Emberton, W. W. Davis, and W. L. Lewis.

## 1000 TO BE GRADUATED FROM STATE UNIVERSITY

Columbus, Jan. 18.—Nearly 1,000 graduates will be given diplomas at Ohio State University next spring, according to an estimate made. Nine hundred and eighty-five seniors are eligible now for graduation. Of this number, 283 are women.

The College of Arts, Philosophy and Science leads with 127 men and 82 women, a total of 219. The College of Agriculture is next with 196 members—145 men and 51 women. Fifty of the women will be graduated in the home economics course, but there will be one woman who has taken the regular "follow the plow" course. Engineering is third with a total of 184—all men except one, a girl architect. The College of Commerce and Journalism will graduate 94 men and 22 women. Education will have 82, only nine of which are men. The College of Medicine will graduate 42 men and four women. Veterinary medicine 25 men, dentists, 17; law 13; homeopathic medicine, nine; applied optics, two and arts education, three men and 30 women. The short course in pharmacy has 14 senior men and four women, while the long course has 29 men and six women candidates for graduation.

**ORCHARDS SAID TO BE DAMAGED.**

Columbus, Jan. 18.—The unusually heavy and early snows last November has caused considerable damage to Ohio orchards, according to Frank Beach, extension horticulturist at Ohio State university, mostly in splitting down large limbs on fruit trees.

"Most of the clean splits may be repaired by bolting," Beach said, "but where the break is badly splintered and shattered, it will be necessary to remove the entire limb."

"In repairing a limb which has been split down and is still clinging to the main branch, it is first lifted back into position. A block and tackle should be used for heavy limbs. Then bolts are placed through the break to hold the limb securely in position. Machine bolts with a heavy washer on each end are best. It is not necessary to prune back the limb after bolting. Usually proper bolting makes the limb stronger than ever," Beach said.

Beach—"Honeydew" admits that he has a wife too many. "Albino," "A pigmist, eh?" "Bobbs"—"Not necessarily."
